### RISKS

Forex trading involves high risk and is not suitable for all investors. The high degree of leverage can work in your favor as well as against you.

Before delaying you must consider your investment objectives, your level of experience and your risk capacity.

In this context, we invite you not to neglect to train yourself before investing funds in Forex.

Indeed, any type of market or speculation, which can exceptionally yield a high return, is subject to an exceptional high risk. Forex is no exception. You should therefore never invest in the forex sums of money that could create a precarious situation.

### DISCLAIMER
